

PROMEDIA TRAINING & CONSULTANCY PLATFORM

Transform Knowledge into Revenue
Automate Learning
Certify Excellence

THE FUTURE OF TRAINING, CONSULTING

The Promedia Training & Consultancy Platform is an enterprise-grade, AI-powered ecosystem designed to help training centers, educational institutions, consultants, coaches, and subject matter experts monetize their knowledge, manage their operations, and scale globally from a single intelligent platform.

More than a traditional Learning Management System (LMS), this is a complete digital business infrastructure that combines learning management, consultation booking, automated evaluations, certificate generation, financial management, marketing automation, and commission-based revenue sharing into one seamless solution.

YOU PROVIDE THE EXPERTISE. WE PROVIDE THE
TECHNOLOGY. TOGETHER, WE CREATE GROWTH.

Advanced Training Platform

WHY THIS PLATFORM STANDS OUT

- Learning Management System (LMS)
- Consultation & Appointment Management
- Automated Assessments & Examinations
- Bilingual Certificate Generation

- Marketing & Promotional Tools
- Multi-Tenant Business Management
- Revenue Sharing & Commission Automation
- AI-Powered Performance Optimization
- Enterprise-Level Security & Scalability
- Integrated Payment Processing

Advanced Training Platform

COMMISSION-BASED SUCCESS MODEL

- Commissions on every course registration or Consulting Service.
- No infrastructure investment required.
- No software development costs.
- No hosting or maintenance responsibilities.
- Automated monthly payouts.
- Scalable business model aligned with your growth.

We handle everything: hosting, security, payment processing, certificate generation, maintenance, technical support, and continuous innovation—so you can focus entirely on delivering exceptional training.

INTELLIGENT LEARNING MANAGEMENT SYSTEM (LMS)

COURSE MANAGEMENT

- Unlimited courses and learning programs
- Structured modules and lessons
- Free and premium content options
- Secure video library and advanced media management
- Downloadable resources and learning materials
- Full instructor control without technical expertise

Advanced Training Platform

CONTROL & TRACKING

STUDENT PROGRESS TRACKING

- Real-time learning analytics
- Course completion monitoring
- Learning time calculations
- Attendance and participation metrics
- Performance dashboards

The result is a measurable, transparent, and engaging learning experience for both trainers and students.

Advanced Training Platform

AUTOMATED EVALUATION & LEARNING VALIDATION

BECAUSE LEARNING MUST BE MEASURED

The platform goes beyond content delivery by validating educational outcomes through a powerful assessment engine.

INTELLIGENT ASSESSMENT SYSTEM

- Automated quizzes and exams
- Assignments and practical evaluations
- Instant scoring and grading
- Weighted assessment structures
- Pass/fail configurations
- Learning outcome measurement
- Performance analytics and reporting

Advanced Training Platform

BENEFITS

1

Eliminate manual grading

2

Improve educational credibility

3

Standardize assessment quality

4

Increase learner trust and satisfaction

SMART CERTIFICATE GENERATION

Automate your credentialing process with intelligent certificate generation:

- Automatic bilingual certificates (Arabic & English)
- QR-code and tamper-resistant validation
- Custom branding with trainer/institute identification
- Instant issuance, download, print, and share
- LinkedIn-ready digital credentials

Elevate your academy's credibility with professional, verifiable certificates issued instantly upon course completion.

Advanced Training Platform

CONSULTATION & APPOINTMENT MANAGEMENT

TURN EXPERTISE INTO BILLABLE SESSIONS

Enable professional consultation services with fully automated scheduling and booking capabilities.

From booking to meeting completion, the entire process is streamlined and automated.

- Instructor availability management
- Recurring or custom schedules
- Automatic appointment booking
- Zoom integration
- Google Meet integration
- Multi-timezone support
- Automated notifications
- Session tracking and status management

INTEGRATED FINANCIAL ENGINE

REVENUE MANAGEMENT MADE SIMPLE

- Multiple Payment Options
- Multi-currency support
- Automated invoicing
- Revenue tracking

INSTRUCTOR EARNINGS MANAGEMENT

- Automated commission calculations
- Net earnings visibility
- Withdrawal requests
- Bank transfer support
- PayPal payouts
- Financial reporting

Advanced Training Platform

MARKETING & GROWTH TOOLS

Promotional campaigns and discount coupons to drive enrollments. Email notifications and automated enrollment workflows. Conversion optimization tools to maximize sign-ups.

This transforms your platform into a complete customer acquisition and retention engine.

Customer engagement workflows for retention. Performance reporting and analytics dashboards. Data-driven insights to scale your academy growth.

Advanced Training Platform

ENTERPRISE SECURITY & HIGH PERFORMANCE

Security and reliability are built into the foundation of the platform.

- Enterprise-grade architecture
- Multi-tenant isolation
- Secure data encryption
- High-speed performance
- Scalable cloud infrastructure
- Reliable uptime
- Optimized codebase
- Continuous monitoring

Whether serving hundreds or thousands of learners simultaneously, the platform maintains speed, stability, and security.

Advanced Training Platform

WHO IS THIS PLATFORM FOR?

TRAINING CENTERS & EDUCATIONAL INSTITUTIONS

Established academies and schools looking to digitize their offerings, expand reach, and automate administrative tasks while maintaining quality standards.

Advanced Training Platform

INDEPENDENT TRAINERS & COACHES

Solo professionals ready to monetize expertise, build personal brands, and scale their impact without technical barriers or infrastructure investments.

COMPETITIVE ADVANTAGES

TRADITIONAL PLATFORMS

- Disconnected, fragmented tools
- Manual grading processes
- Manual certificate creation
- Limited branding options
- High administrative workload
- Generic marketplace presence
- Fixed fee structures
- Limited scalability

OUR PLATFORM

- Unified integrated ecosystem
- Automated assessments & scoring
- Instant bilingual certificates
- Fully branded environment
- Extensive automation
- Private academy ownership
- Performance-based partnership
- Enterprise-ready growth
